

Charging cable Mode 2 - Part no. 35106

- Connecting line 3G2.5, 4 m total length, of which 0.3 m wall-side, blue
- Adjustable charging current: 16A - 13A - 10A - 8A - 6A
- Residual current device (RCD) 30 mA
- Tripping characteristic Type A
- Protection class IP 44
- Ambient temperature: -32°C to +40°C
- Enclosure dimensions: 243 x 91 x 52 mm
- No UL approval!
- Device fulfils emobility standards, e.g. IEC 61851! Additional requirements outside the standards like Z.E. Ready are not ensured.

Technical information

Type	with charging plug
Description	to 16 A single phase with communication interface to the vehicle with plug CE 1p+N+PE, 4 m
Protection type	IP 44
